**To:** Envirogear Pumps Customers

**From:** Envirogear Pumps

**Date:** 20 May 2021

**Subject:** Silicone Free Declaration

Envirogear Pumps declares that no materials or processes used in the production of Envirogear Pumps contain wetting interfering substances – this includes silicones or fluorinated migration-capable compounds.

No fluid, paste-like, or solid materials, which could give off silicones, fluorinated compounds, or surfactants, are introduced or added to the product during the manufacturing process.
